

# Oxygen Concentrator

LifePlus<sup>®</sup>

The New Life Plus oxygen concentrator is one of the most efficient, quietest, lightweight, high purity of 5 liter oxygen concentrator in the market today. It is designed with all the best quality Medical grade components.

## Features

LifePlus<sup>®</sup>

- LCD Display
- Low cost of oxygen production
- No other raw material needed except Air.
- High purity of oxygen
- Adjustable flow meter. 0-5LPM
- Secure and reliable operation
- Low Power Consumption
- Low noise operation.
- High / Low / Normal Pressure Alarm & Indicator
- Handle for Easy Carrying.

LPM-203

Rapid Pressure Swing Absorption (RPSA) Process- NASA derived technology.

High Quality Medical Grade Molecular Sieves \*

ABS injection moulded cabinet which is high in strength and durability.

Flow Control Knob allows you the ability to protect your patient from the harmful effects of exceeding prescribed oxygen level.

0.04-0.07 MPa (Upto 10 PSI) oxygen output pressure allows the patient the freedom of longer tubing without restricted the flow.

Quiet Unit-allowing restful sleep to patients.

Built in atomizer device for atomizing therapy (Nebulization Therapy).

## Specifications

LifePlus<sup>®</sup>

Oxygen flow Rate (L/min):	0~5 LPM
Oxygen concentration purity (%):	>93 %
Net weight(kg):	14.3 Kgs
Sound Noise level dB(A):	<45dB A

Filters: Gross Particle Cabinet Filter  
Compressor Intake Filter  
Bacterial Filter

In Built Purity Meter with Audio & Visual Alarm (Optional)

Power consumption: =240 W

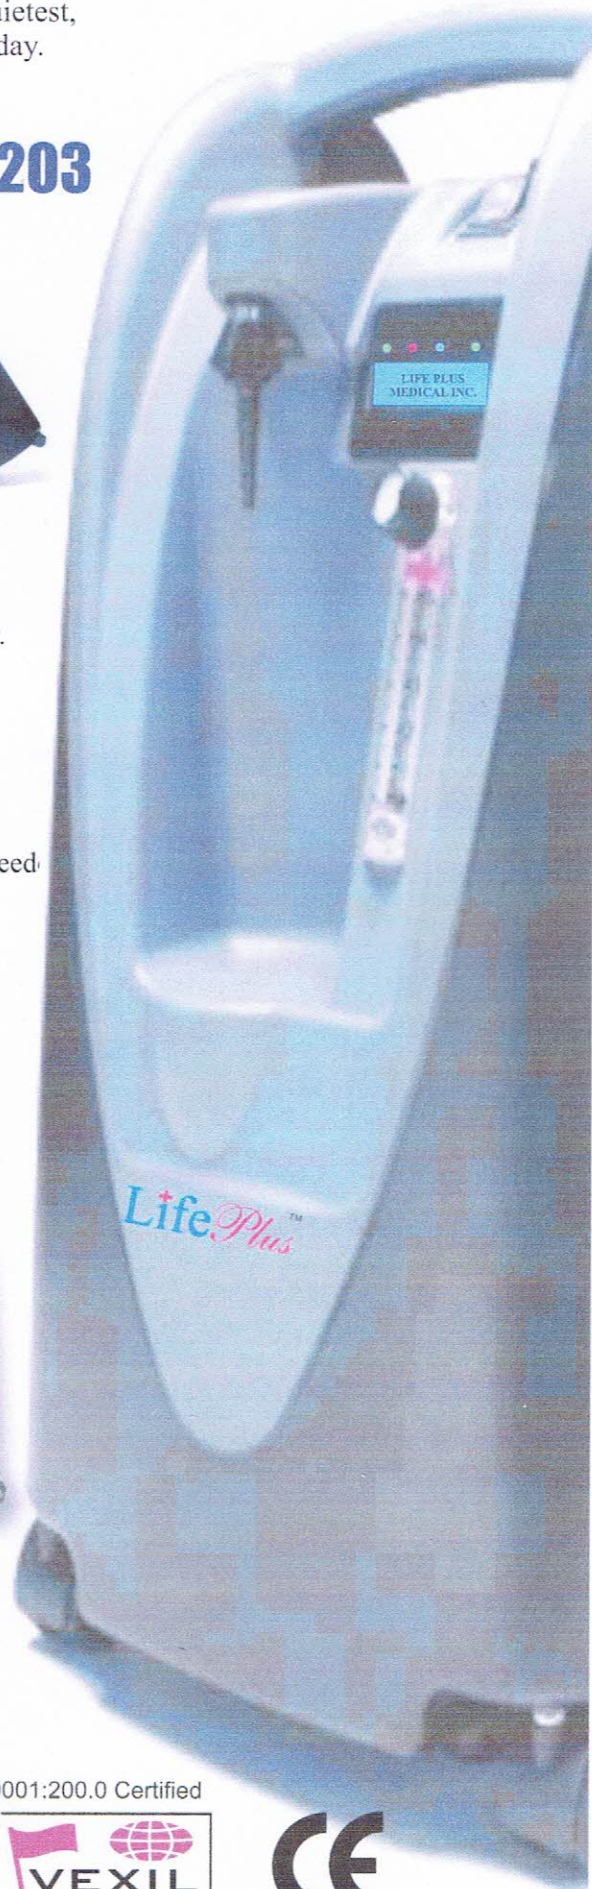

Power Failure Alarm: Yes

Low / High / Normal Pressure Alarm Yes

Size(mm): 610(H)×300(W)×305(L)

Oxygen delivery pressure(Mpa): 0.04~0.07Mpa (Upto 10 PSI)

Power: AC 220±10% ,50Hz
