Our service strategy and principles are grounded upon a fundamental acknowledgement that customers do not simply buy products; they buy the satisfaction of particular needs. **KALIKA GARMENTS INDUSTRY** is an innovative platform revolutionizing the concept of buying and sourcing in the apparel industry. Our team and people we work in coordination with are made up from multifarious disciplines ranging from design management to product technology. The company leverages deep knowledge in core manufacturing of woven (silk), knitted garments and home textiles. We can offer short lead times with small and very flexible moq's for your bespoke label/s. We enable businesses to save time, improve performance, maximize value for money and develop smoother running of business operations. We do all the work; from sourcing, manufacturing, importing, supplying and distributing to retailers and brands.

Our professional team is creating our well designed collections prior to each season for ladies, men and children. One reason that enables us to offer a better price than our competitors is, that all production steps from cutting to sewing, packaging and controlling are handled by our well qualified employees, which keeps our costs low. Another reason is, that we produce in Turkey with low production costs which leads to a lower price for our customers. In addition to that our satisfied reference customers proves us right, that we deliver high quality for a reasonable price.

Here We are submitting you proposal regarding the designing & production of uniforms for your respective organization . kindly look into my proposed quotation & revert us soon.
