

V-Guard Matteo Modular Switches.

Switches that go tik-tok no matter what.

The story of V-Guard

We at V-Guard began our journey by manufacturing only Voltage Stabilizers in 1977. Since then, we've not only grown to become India's largest selling stabilizer brand but also have a strong presence with a diverse product range that includes electrical products, electro-mechanical products and kitchen appliances. Along this journey, we've become a trusted brand name with a pan India presence and a turnover of more than Rs. 2000 crore. Stringent quality control measures, reliable products, state-of-the-art technology, excellent customer service and a responsible approach to business helped us capture the market and more importantly, the mindshare of the consumers.

In four decades, we earned ourselves respect and reputation by designing and creating long-lasting products. Today, we are one of the biggest names in the electrical and electro-mechanical space with a wide range of products that include Voltage Stabilizers, Inverters & Batteries, Agriculture & Domestic Pumps, House Wiring Cables, Electric Water Heaters, Fans, Solar Water Heaters, Air Coolers and Switchgears. We have also made a foray into the kitchen appliances segment with Mixer Grinders, Gas Stoves and Induction Cooktops, Rice Cookers. But that's not all, we recently expanded our product portfolio with an all-new range of Modular Switches.

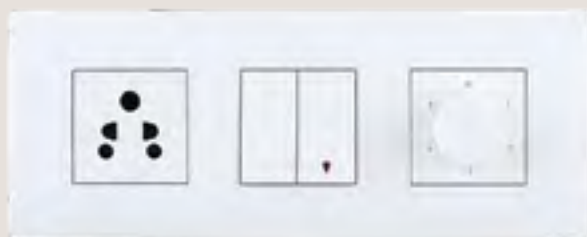

The evolving Indian home

The urban Indian consumer today has high disposable income, an ever-changing lifestyle, increased awareness and is digitally native. Everything that goes into their homes is a reflection of who they are. Products that help express themselves and give them a status are accorded prime spots in the house. They seek more than just functional benefits in any product they buy. Therefore, values that drive consumer attention like design, modernity, technology, innovation, colours and material are gaining more importance.

Beautiful switches for beautiful homes

The Matteo range of switches are aesthetically designed to seamlessly blend into the décor of your adorable homes. They come in exciting colour variants. Crafted with finesse and smooth finishes, they will adorn your home gracefully.

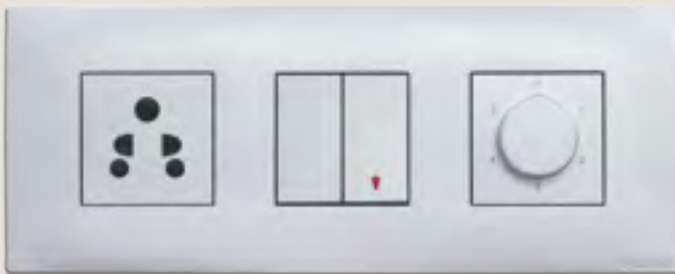

Metallic Steel Grey

Stylish but subtle, the Metallic Steel Grey variant was envisioned to complement the contemporary aesthetics of a modern home. The multi-toned palette is certain to add a dash of elegance to any wall of your choosing.

Metallic Silver

A perfect blend of the classic and the contemporary, you can never go wrong with Metallic Silver. If you're looking to make your décor timeless, choosing these switches is the first step.

Switches that'll go tik-tok no matter what.

Every one of our products bring technology, innovation, durability, and longevity together. Designed using the most superior components and with the highest quality standards, the Matteo Modular Switches have been built keeping the discerning consumer preferences in mind. They feature shrouded terminals for enhanced safety, silver contacts for better conductivity and UV protected FR grade poly carbonate for enhanced durability, all of this make sure these switches go tik-tok no matter what.

An assurance of the perfect purchase

Designed to perfection, V-Guard's Matteo is a range of sturdy modular switches that comply with BIS Standards that gives you the assurance and credibility of making a purchase that you can depend upon.

Easy & Convenient Installation

At V-Guard, we are not just thinking of the next innovation, we are constantly seeking to understand human life and the relationship with the tools and appliances that we use. The creation and designing of the Matteo Modular Switches were made keeping the users' convenience at the forefront. These easy-to-use switches feature front insertion and removal mechanism, which makes the changing of modules from the front easy and convenient. They come equipped with captive screws that give way to a perfect installation without the screws falling off.

6 Top reasons why V-Guard Modular Switches are a class apart:

- Enhanced safety & protection
- Higher Efficiency & Better Conductivity
- Simplified Installation & Removal of Modules
- Fire Retardant & UV Protected
- Aesthetically Appealing
- Trust of V-Guard

V-GUARD MATTEO RANGE FEATURES

Complete Modular
Switch Range

Shrouded Terminals for
enhanced safety while
installation

Dual Shuttered
technology for high
end protection

Arc Shield to minimize
arc visibility

Captive screws for enhanced
convenience

UV protected FR grade
poly carbonate

Brass Terminal for
better conductivity

Front Insertion &
removal for added
convenience

Unmatched Look

Smooth Finish

Silver Contacts for
prolonged safety &
durability
