

**HEAVY DUTY
WELDABLE
TOGGLE CLAMP-
MODULAR DESIGN**

These are modular weldable clamps which allow the designer complete flexibility to position the base, clamp arm and handle and weld them in any desired position to suit the application. The base, arm and the pipe handle are supplied alongwith the clamp separately, to be welded by the user before use. The main body is made of accurately machined components having hardened and ground pivots pins and bushes.
