# HIPRO 2

# Faster programming Efficient fitting

HI-PRO 2 – your connection to greater fitting efficiency

# Six ways HI-PRO 2 boosts fitting efficiency

- Universal programming interface for all hearing instrument brands
- USB connectivity always ready
- High speed programming mode
- No training required
- Sleek, space-saving design
- Backward compatible works with any hearing instrument that has been programmed by a HI-PRO device, regardless of version

# HIPRO 2

## Streamline your fitting processes

HI-PRO 2 gives you an easy way to streamline your fitting processes. Developed in collaboration with hearing aid manufacturers, HI-PRO2 is the latest in the HI-PRO series – long recognized as the industry standard for hearing instrument programming. HI-PRO 2 has a universal hardware interface to program all brands and types of hearing aids – making hearing instrument programming fast, easy and reliable.

### Save time

HI-PRO 2 saves you time in the fitting process. Programming is fast. The high-speed mode enables fitting modules to communicate with the hearing instrument up to five times faster than the previous HI-PRO USB version. And unlike battery-driven programmers, the HI-PRO 2 has plug-and-play USB connectivity, so it's ready – and working – when you need it. No training required.

# **Boost efficiency**

One programming device covers your programming needs. HI-PRO 2 programs all major hearing instruments. Sleek and discrete, HI-PRO 2 comes as a space-saving stand-alone device or as an integrated part of the audiometer, AURICAL Aud. HI-PRO 2 is also "backward" compatible, so it works with any hearing instrument that has been previously programmed by a HI-PRO device, regardless of version.

# Choose HI-PRO 2 for faster programming and efficient fitting!

## **Technical specifications:**

#### PC Interface:

Communication: USB 2.0 full speed (USB 1.1 compatible)
USB Connector Type: "Type B" connector (on the HI-PRO 2 unit)

#### **Power Supply:**

The HI-PRO 2 unit is powered from the PC USB port

### Operating systems:

Windows XP Pro SP3, Windows 7 (32 and 64 bit), Windows 8 (32 and 64 bit)
