# INVACARE® PLATINUM 10
# OXYGEN CONCENTRATOR

**INVACARE**

*Yes, you can.*

The **Invacare® Platinum™ 10 Oxygen Concentrator** is designed to provide an alternative to liquid systems and is known for reliability and performance. The 10 liter unit features quiet operation, a top handle and bottom recesses for easy handling and a side filter access door. In addition, the concentrator is compatible with the Invacare® HomeFill® Oxygen System and is available with an **Invacare® SensO₂® Oxygen Purity Sensor.**

## Features

Self diagnostic electronics designed to minimize troubleshooting time.

Top handle for ease of mobility.

Battery-free power loss alarm, Invacare® Sieve-GARD™ Monitor helps protect sieve from degradation, compressor 35 psi pressure-relief valve and low flow alarm.
## Provider Benefits

Designed to provide continuous flow up to 10 liters per minute as an alternative to liquid systems.

All Platinum 10 stationary concentrators include a HomeFill system port for inventory flexibility.

Patient-accessible reset button helps minimize emergency service calls.

## Patient Benefits

User friendly design with easy to see control panel, humidifier bottle holder and filter access.

HomeFill system compatibility allows patients with flow rates up to 5LPM to enjoy life's experiences with small, refillable cylinders.

Reliable concentrator provides unlimited, worry-free oxygen supply.
