## HERPES / SHINGLES MANAGEMENT

### NON-INVASIVE DIAGNOSIS and THERAPY for HERPES

Herpes simplex

**Also called - HSV, herpes simplex virus infection.**

**The HERPES SIMPLEX VIRUS, also known as HSV, is an infection that causes herpes. Herpes can appear in various parts of the body, most commonly on the genitals or mouth. Herpes simplex virus 1 and 2, also known as human herpesvirus 1 and 2, are two members of the herpes virus family, Herpesviridae, that infect humans. Both HSV-1 and HSV-2 are ubiquitous and contagious.**

**Symptoms: Blisters that break open and form small ulcers, fever, swollen lymph nodes.**

**Causes: Herpes simplex virus spread by direct contact.**

**Risk factors: Decreased immune function, stress, sunlight.**

**Most common types and SYMPTOMS:**

Cold sores

**Infection with the herpes simplex virus around the border of the lips.**

Genital herpes

**A common sexually transmitted infection marked by genital pain and sores.**

**Genital herpes is a common sexually transmitted disease (STD) that any sexually active person can get. Most people with the virus don't have symptoms. Even without signs of the disease, herpes can still be spread to sex partners.**

**Genital herpes is a sexually transmitted infection (STI) passed on through vaginal, anal and oral sex. Treatment from a sexual health clinic can help. Symptoms clear up on their own but can come back.**

**Start Therapy as soon as possible if you have:**

- **Small blisters that burst to leave red, open sores around your genitals, anus, thighs or buttocks.**
- **Tingling, burning or itching around your genitals.**
- **Pain when you pee.**
- **In women, vaginal discharge that's not usual for you.**

**Get diagnosed even if you haven't had sex for a long time, as blisters can take months or years to appear.**

**Shingles - Also called - Herpes Zoster**

**A reactivation of the chickenpox virus in the body, causing a painful rash.**

**Anyone who's had chickenpox may develop shingles. It isn't known what reactivates the virus.**

**Shingles causes a painful rash that may appear as a stripe of blisters on the torso. Pain can persist even after the rash is gone (this is called post-herpetic neuralgia).**

**Shingles is an infection caused by the varicella-zoster virus, which is the same virus that causes chickenpox. Even after the chickenpox infection is over, the virus may live in your nervous system for years before reactivating as shingles. Shingles may also be referred to as herpes zoster.**

**This type of viral infection is characterized by a red skin rash that can cause pain and burning. Shingles usually appears as a stripe of blisters on one side of the body, typically on the torso, neck, or face.**

**The first symptoms of shingles are usually pain and burning. The pain is usually on one side of the body and occurs in small patches. A red rash typically follows. Rash characteristics include:**

- **Red patches**
- **Fluid-filled blisters that break easily**
- **A rash that wraps around from the spine to the torso**
- **A rash on the face and ears**
- **Itching**

**Some people experience symptoms beyond pain and rash with shingles. These symptoms may include:**

- **Fever**
- **Chills**
- **Headache**
- **Fatigue**
- **Muscle weakness**

**Rare and serious complications of shingles include:**

- **Pain or rash that involves the eye, which should be treated in order to avoid permanent eye damage**
- **Loss of hearing or intense pain in one ear, dizziness, or loss of taste on your tongue, which can be symptoms of Ramsay Hunt syndrome**
- **Bacterial infections, which you may have if your skin becomes red, swollen, and warm to the touch.**

**Our work involves to DE-STRESS all concerned areas, causing an imbalance, leading to Diseases / Disorders. We work to MANAGE STRESS, to help the system function normally. Our work pattern is to DETOXYFY the system. Support it with ESSENTIAL SUPPLEMENTS & FREQUENCY ENERGIES. And finally, provide CORRECTIVE FREQUENCIES, to restore balance in the system. We strongly believe in "BODY HEALS ITSELF".**

**We very well know, at initial stages there are no symptoms. It can be diagnosed only when revealed on the physical. But by then it is too late.**

**We, at MEHAK WELLNESS CENTRE, under the expertise of DR. RAJEEV MEHRA, a GOLD MEDALIST & REIKI GRAND MASTER offer NON-INVASIVE Diagnosis on State of the Art, latest 21st Century technology to verify the onset or presence of HERPES. We are in a position to diagnose and treat for HERPES.**

**This can be diagnosed much before any other modern science equipment / test could diagnose.**

**We, run a GENETIC test along with testing for AUTO IMMUNE disorders and SYNDROMES, and are in a position to guide the client of a future onset or presence of HERPES.**

**With vast experience of over 35 years, working mainly with CANCER patients and being awarded with 80+ Certificates & Awards, DR. MEHRA is confident of giving positive results in all cases handled by them.**

**The test thus helps us in taking preventive measures for the disease much before the discomfort is felt by the patient, or shown up on the regular physical tests.**

What we do / how we tackle this issue.

**We conduct a test to reveal the Genetic component involved in this disease. On having the results for the Genes, Chromosomes, Auto Immune, Herpes, we are in a position to assess the damage done or possible damage in the near future. Virus could be of any type, makes no difference, therapy remains the same.**

**Our work is NON-INVASIVE. We work with BIOFEEDBACK & RADIONICS.**

**Being in NON-INVASIVE stream, we do not recommend any type of drugs, medicines as they would not deliver any positive long lasting result. As far as possible we advise to avoid removal of any part from our body.**

**Cause of HERPES is mainly due to virus leading to infection, inflammation and damage to the Skin and Nerves. Thus by working on the root cause and stabilizing the SYNDROMES, AUTOIMMUNE disorders and all parameters related with Herpes, we are in a position to eradicate the virus without any side effects or danger to client's health. Complete eradication of the virus from the system, and working to restore the damage done is undertaken.**

**Causes of Herpes activation and damage to the system are undertaken for correction, along with other related issues instigating / provoking / supporting the virus.**

**Our work mainly involves 4 stages- DETOXIFICATION; CHROMOSOME test, to identify hereditary issues, faulty programming; IMMUNITY test, to verify an AUTOIMMUNE angle and finally support with SUPPLEMENTS (AMINO ACIDS, HORMONES, MINERALS and VITAMINS).**

**REVERSAL OF ALL CONDITIONS, DISEASES, DISORDERS POSSIBLE.**

**We advise to COMPLEMENT our services, with the ongoing therapies / treatment for better and faster results.**

**We strongly recommend DETOX procedure. This should be started immediately. COLLOIDAL SILVER WATER, ANTIOXIDANT HYDROGEN RICH WATER, ATOMY VITAMIN C and use of ZAPPER. Not to forget Liquid Chlorophyll and ATOMY MULTI VITAMINS. RADIONICS and RIFE FREQUENCIES for basic corrections; start immediately on the RADIONICS maintenance kit. DIETARY SUPPLEMENTS (HemoHIM) for speedy recovery. NON-INVASIVE therapy is administered, which could take 18 to 72 sittings depending on the individual's resistance from within and the body's ability to HEAL.**
