They have been proved to be perfect for transportation purposes between cities. In an attempt to keep our promise of on-time demand satisfaction, we make efforts to source renovated containers in usable

condition from various locations. Available sizes are 20x8x8.5 feet, 40x8x8.5 feet, 40x8x9.5 feet or 20 GP, 40 GP, 40 HC, 40 HQ. We do provide these containers on hire/hiring/rent/renting purposes.

We buy and sell good condition, cargo worthy used shipping containers for both domestic as well as export purposes. We also provide the option of modifying them as per the specific requirements of our clients. These are easy to board and have a very low maintenance cost. These are well-manufactured keeping in view the inclement ocean conditions. Available sizes are 20x8x8.5 feet, 40x8x8.5 feet, 40x8x9.5 feet or 20 GP, 40 GP, 40 HC, 40 HQ. We do provide these containers on hire/hiring/rent/renting purposes.

We are also into building dry containers which deliver a high degree of safety and security to the cargo. In order to protect these containers from the extreme temperatures of the oceans, they are made using high quality steel and a blend of brass

and aluminium. Available sizes are 20x8x8.5 feet, 40x8x8.5 feet, 40x8x9.5 feet or 20 GP, 40 GP, 40 HC, 40 HQ. We do provide these containers on hire/hiring/rent/renting purposes.

Our freight containers can be used for transportation and have multiple other uses such as: living space, secure data centers, generators, recording studios, military use or general storage containers for cars or refrigeration units and much more. An additional advantage is that they are fully transportable. Available sizes are 20x8x8.5 feet, 40x8x8.5 feet, 40x8x9.5 feet or 20 GP, 40 GP, 40 HC, 40 HQ. We do provide these containers on hire/hiring/rent/renting purposes.

We offer storage units at competitive prices. All shipping containers begin life as vessel for shipping goods overseas and for this purpose they need to be extremely hardy to withstand damage during transit, as they are placed on top of one another and should also be completely waterproof. In order to ensure all these things, they are manufactured using Corten steel which is thick and contains rust retardant properties.

Available sizes are 20x8x8.5 feet, 40x8x8.5 feet, 40x8x9.5 feet or 20 GP, 40 GP, 40 HC, 40 HQ. We do provide these containers on hire/hiring/rent/renting purposes.

We provide end-to-end services for mobile storage and shipping container modification solutions. From individuals wanting the short-term hire of a small container to large organizations needing bulk-supplied, fully-modified containers, our units deliver quality products with great service to satisfy anyone's and everyone's requirements. Available sizes are 20x8x8.5 feet, 40x8x8.5 feet, 40x8x9.5 feet or 20 GP, 40 GP, 40 HC, 40 HQ. We do provide these containers on hire/hiring/rent/renting purposes.

A 40ft shipping container is an ideal product for strong and safe storage. It is designed in a way so as to meet transportation needs and constructed to endure long trips at sea. It is a long-lasting product as it is immune to wind, water and vermin.

It can also be used for storing excess stock by retailers & manufacturers, equipments of farmers, archives for businesses and so on. Available sizes are 20x8x8.5 feet, 40x8x8.5 feet, 40x8x9.5 feet or 20 GP, 40 GP, 40 HC, 40 HQ. We do provide these containers on hire/hiring/rent/renting purposes.

These containers are available in several sizes & grades which allows customers to make the right choice according to their intended purpose. Available sizes are 20x8x8.5 feet, 40x8x8.5 feet, 40x8x9.5 feet or 20 GP, 40 GP, 40 HC, 40 HQ. We do provide these containers on hire/hiring/rent/renting purposes.

We feel proud be able to deliver a friendly and reliable service in terms of security of our products as well as storage & shipping containers for hire or for sale to meet your specific requirements. Our knowledgeable and highly experienced team is always there to help and advise you when choosing the best security and storage solution for your needs. Available sizes are 20x8x8.5 feet, 40x8x8.5 feet, 40x8x9.5 feet or 20 GP, 40 GP, 40 HC, 40 HQ. We do provide these containers on hire/hiring/rent/renting purposes.

Shipping containers are manufactured to withstand conditions at sea and therefore, the structure is extremely solid. This ensures strength & durability for an extended duration. This sturdiness allows containers to be used for a variety of purposes even after many years at sea. Available sizes are 20x8x8.5 feet, 40x8x8.5 feet, 40x8x9.5 feet or 20 GP, 40 GP, 40 HC, 40 HQ. We do provide these containers on hire/hiring/rent/renting purposes.

SOC (Shipper's Own Container) in general are Cargo worthy or IICL condition shipping containers which are a property of the Consignee.

This mode of transport saves the risk of detention and demurrage payments or fees for the extended usage of the container and return of the container to the port within the time period specified by the shipping line.

The container, after it is deported from the ship and necessary custom formalities have been completed, will be the property of the consignee and the same can be moved by road/rail route to the requisite destination. Once the container cargo is unloaded, the container may then be used for storage purpose or can be sold in the market. Available sizes are 20x8x8.5 feet, 40x8x8.5 feet, 40x8x9.5 feet or 20 GP, 40 GP, 40 HC, 40 HQ. We do provide these containers on hire/hiring/rent/renting purposes.

## **Tunnel container**

Tunnel container storage containers come with doors on both ends of the container. They are very useful when quick loading and unloading of materials is required. Available sizes are 20x8x8.5 feet, 40x8x8.5 feet, 40x8x9.5 feet or 20 GP, 40 GP, 40 HC, 40 HQ. We do provide these containers on hire/hiring/rent/renting purposes.

## Double Door container

Double Door container storage containers come with doors on both ends of the container. They are very useful when quick loading and unloading of materials is required. Available sizes are 20x8x8.5 feet, 40x8x8.5 feet, 40x8x9.5 feet or 20 GP, 40 GP, 40 HC, 40 HQ. We do provide these containers on hire/hiring/rent/renting purposes.

## Refrigerated ISO container

Refrigerated ISO freight container is one that is temperature regulated and always has a carefully controlled low temperature. These types of units are used for the shipment of perishable substances like vegetables and fruits over vast distances. Available sizes are 20x8x9.5 feet, 40x8x9.5 feet or 20 HC, 40 HC, 40 HQ. We do provide these containers on hire/hiring/rent/renting purposes.
