PROTECTOR

When crooks are international, what about your safe?

Burglars are becoming more sophisticated. They are finding newer and newer ways to crack safes. To such attempts, we extend our deepest sympathy. Protector is very intelligently and solidly made to very high international standards. No matter the degree of sophistication or the fierceness of the attack, it will remain, unmoved.

As per EN Standards

- > 1.6 inch thick door slab (Single door)
- > Four way shooting bolt with 16 bolts (VDH I 160), 26 bolts (VDH SL 185)
- > 6 Shooting bolts between 2 doors (VDH SL 185)
- > Two German Mauer locking mechanisms with non-duplicable double bitted keys
- > Double wall construction, strong barrier material
- > More spacious compared to other safes of same height
