

**Details :**

- Our company products are as per the norms of international Who and USA Fda standards. No heavy metal, narcotics or steroid is mixed in preparation in our any medicine
- The main point we would like to say reader we don't make any product considering patient taste and easy consumption we considers the effectiveness of medicine on disease.

**Leucoria Care Usages :** Leucoria (White discharag or blood discharge from Vagina), Irregular Mensuration, Excess bleeding or Less bleeding in periods, Conceive of baby, Burring sensation in palm and feet, Heaviness in uterus, Stomach or Abdominal pain while mensuration. Acute urine infection or repeated urine infection. follow our instruction clean vagina every day by our powder.

**Leucoria :** Leucoria it is common disease in ladies nowadays. When the yellow or whitish thick discharge it is called that lady as suffering with leucoria. The medical science saying estrogen imbalance is the main reason of this disease .This type of discharge may disappear and reappear from time to time. If this disease if occurs in a lady for longer period may cause foul smell converting the color more yellowish.If vagina discharge is abnormal it may lead to urine infection, malignancy and hormonal disorders. It some times occures when a girl has her first period and it shows the sign of puberty.

**Dr. Thanki's Leucoria Care Powder - (Useful For Female) :** Sickness in females due to white discharge from their body is a symptoms of leucoria. The main indications of Leucoria are females are getting pain due to white discharge & blood discharge like burning sensation in hands & legs, heaviness in Uterus, Pain in abdomen & stomach during menstruation,less bleeding or much bleeding in mensuration period and mensuration not as per cycle. Ladies understand that the white discharge stops after sometimes means the Leucoria is cured. But the Leucoria cant's get cured without proper treatment. It may create other diseases in future like Arthritis, Gout, joints pain etc. For such diseases there are long and costly treatments. In eastern countries women who are suffering from Leucoria removes their uterus and understand that the Leucoria is cured and now they are safe. But the results are adverse. These operated women are getting diseases like gout, paralysis and joint pain.

**Doses :** Ordinary patient can take  $\frac{3}{4}$  tsp daily morning & evening with water after lunch & dinner. If the disease is chronic then patient must take this medicine  $\frac{3}{4}$  tsp thrice a day.

**Additional :** Along with medicine the patient must clean the Vagina properly. Because the Bacteria present on outside of vagina must get removed. Otherwise this disease can appear again.

**Washing & Cleaning of Vagina :**

- Take  $\frac{1}{2}$  teaspoonful of above medicine in 100ml of water & boil it and after cooling filter it. Fill it in small syringe (I2used for sewing machine) keeps it in opening of Vagina & spray & wash it properly. If it is chronicle then apply twice a day.
- Boil 2 teaspoonful of medicine in 1 liter of water. When  $\frac{3}{4}$  liter water remains, cool & filter it. Then in one tub fill 10 liter of water. Add this medicinal water to it and let the lady patient seat in it and this water must enter into vagina and wash it properly. If it is chronicle then apply twice a day.

**Precautions for future :**

- Wash all underwear of lady patients separately.
- Before & after urination wash the urine place properly with water.
- After doing sexual intercourse wash entire vagina properly within 10 minutes time.

**Note :**

- During treatment with this medicine the patient must take 1 glass of butter milk or one cup of curd. If the patient got acidity by taking curd or butter milk then take Tablet Sporlac 2 Tab thrice a day.
- Those lady patient can't take this powder medicine directly can take it mix with water.
- In this modern age this disease is found commonly in ladies in India.
- **For the patient who are suffering from this disease for a long time for them some doctors of different paths have suggested after a long trial on so many patients they suggested :**
  - Washing & Cleaning of Vagina - (Twice a day)
  - Two tsp of any Alkalizer / herbolizer mix with a cup of water thrice a day.
  - In very rare case, if a lady is taking any drug for abortion than Leucoria is not curable.

**Specially :** We got in our research that Arthritis or Gout can develop if it is more than 10 years suffering with this problem.

**Ingredients :**

- Terminalia chebula
- Terminalia bellerica
- Emblica officinale
- Zingiber officinale
- Piper nigrum
- Piper longum
- Piper Retrofarctum
- Argyreia Speciosa
- Aloe Vera
- Mesua Ferrea
- Plumbago zeylinicum
- Embelia ribes
- Rock salt
- Black salt
- Acorus calamus
- Juniparus communis
- Saussuria lappa
- Curcuma zedoaria
- Cedrus deodara
- Elettaria cardamomum

**From the desk of chairman :**

- After a longer period in this disease there become bad smell coming out from patient vagina. In

some patients it is found that they conceive very early but in some patients does not conceive. We can say the patient does not conceive is a disease as it is called infertility. When we research this medicine we have investigated with hundreds of patient and found that this disease causes constipation.

- After taking our product by the patient having clear motion from this second day and the symptoms of leucoria become controlling after seven days.
- The patients who got bad smell from vagina the medical science developed some vagina tablets. But the application of such vagina tablet is very difficult.
- While researching this product we managed to have antibiotic property in our product. So that we can advice to wash and clean vagina from our medicine easily.
- We have mixed Elettaria cardamomum in this product not for the taste because we have mixed black and rock salt also as Elettaria cardamomum having highly antibiotic property, both the salt are working to collect calcium from the patient body and deposit on vagina and as we know that calcium has property to attract sperms so we have added both the salt for those type of patients who are not conceiving.
- As leucoria is curable but in absence of not proper treatment ladies become facing a lot of problems like week ness, joint pain,bad smell in vagins etc.In some cases we found no result on leucorian ladies when we find we find that they have taken any tablet for abortion in these cases the white discharge is not simple as leucoria it is secretion by pelvic bones so these cases are not being cared or cure by our medicine. this symptoms feels as leucoria but not like that.

## डॉ. पानकी ल्यूकोरिया केयर पाउडर

(एन्टीरोगनिकर)

**घटक :** हरद, बहेड़ा, ऑबला, सौंठ, काली मिर्च, छोटी पीपल, धिन्नकमूल, चव्य, ककडिंडा, सैदा नमक, काला नमक, कपमौठा, हाउवेर, कूट मीठा, कर्चूर, देवदारु, छोटी इलाइची, विद्यार, पलवा, नन्केशर ।

आज के आधुनिक युग में विश्व के सभी देशों की महिलाएँ इस बीमारी से ग्रस्त हैं, और इसी वजह से महिलाएँ कमजोर तथा प्रायः बीमारी से ग्रस्त रहती हैं।

ल्यूकोरिया से ग्रस्त महिलाएँ प्रायः कमजोर से परेशान रहती हैं। हमारी दवा पहले 4-5 दिनों तक कमजोर करती है फिर इस बीमारी पर असर करती है।

दूसरे इस बीमारी से ग्रस्त महिलाओं की योगिनी में गंधी तथा बदनबूझ गंध आती है। आधुनिक विज्ञान के डॉक्टर योगिनी द्वारा में डालने के लिए कुछ टेबलेट देते हैं जिसका उपयोग करना जटिल है। हमारी ये दवा बहुत ही अच्छी एंटीबयोटिक का काम करती है। आर-इसे पेट में लेने के साथ योगिनी को साफ करने में भी काम आती है।

हमारी इस दवा में छोटी इलाइची एक घटक है हमने इसे स्वाद के लिए प्रयुक्त नहीं किया है। साथ ही हमने इस दवा में सैदा नमक तथा काला नमक का उपयोग भी किया है। ये सभी घटकों के साथ संयुक्त होकर दवा की गुणवत्ता भी बढ़ती है।

प्रायः देखा जाता है कि ल्यूकोरिया से ग्रस्त महिला को बच्चा नहीं ठहरता है या सवधानी बनने पर फौरन ठहर जाता है। जिस महिला को बच्चा नहीं ठहरता है उसको बीमारी मूला ज्ञात है। हमारी दवा में प्रयुक्त दोनों प्रकार के नमक सेल्फेनोन की क्रिया कर केल्सियम को योगिनी द्वारा पर लाकर इकट्ठा करते हैं और ये सर्वविधित है कि कैल्शियम मुक्तपु को आकर्षित करते हैं और औरत गर्भवती हो जाती है।

कठण यह है कि सकेन्द्र प्रदर भिरने पर ही ल्यूकोरिया की बीमारी होती है, जबकि महिलाओं को श्वेत प्रदर या रात प्रदर, हाथ पैरों में जलन, गर्भाशय में भारीपन, मसिक चक्र के दौरान खून का काम या ज्यादा गिरना, मसिक चक्र के दौरान पेट दर्द या पेदू में दर्द हो या मसिक चक्र अस्थिरता आर तो ये सभी लक्षण भी ल्यूकोरिया के ही होते हैं। कई टिप्पणियों को श्वेत प्रदर भिरने अपने आप बन्द हो जाते हैं तो ये समझनी है कि ल्यूकोरिया (योगिनी से सकेन्द्र प्रदर) ठीक हो गया है। जबकि वास्तव में यह बीमारी किन उचित इलाज के ठीक नहीं होती है और कलकलर में अर्धराट्टीस (संश्लेषण), मठिय, जोड़ों में जकडन जैसी बीमारियों से जुड़ना पड़ता है तथा इन रोगों का इलाज महंगा तथा लम्बा होता है। पूर्व में ल्यूकोरिया से ग्रस्त औरतों जो अर्धराट्टिक टन्त्र या अन्य जटिलताओं के कारण बच्चे कभी निकलना लेती हैं तो ऐसा समझनी है कि अब ल्यूकोरिया के कुछपरिणाम नहीं सतप्तों ऐसी औरतों को मठिय, संश्लेषण, जोड़ों की जकडन जोड़ों में दर्द जैसी भयानक बीमारियाँ हो जाती हैं।

मात्रा : साधारण रोगी एक घण्टा दिन में दो बार साफ पानी के साथ लेवे। यदि रोग पुराना तथा जटिल हो तो एक घण्टा दिन में तीन बार साफ पानी के साथ लेवे।

अन्य : इस दवा के प्रयोग के साथ रोगी को योगिनी अच्छी तरह साफ रखनी चाहिए ताकि इस रोग के किटपु सरीर से बाहर निकल जाए।

**योगिनी की धुलाई तथा सफाई :** इस दवा का 1/2 घण्टा लगभग 100 मिली पानी में डालकर उबाले फिर ठंडा कर छान कर रिकबाई मशीन में इस्तेमाल होने वाली तेल की कुपी में भरकर योगिनी द्वारा के मुख पर इस कुपी के अगले सिरे को प्रवीष्ट कर इस दवा के घोल को योगिनी के अन्दर प्रविष्ट करा देवे। 10-20 मिलिट्र बाद इसे बाहर निकाल कर साफ पानी से योगिनी की सफाई करे। यदि रोग पुराना हो तो रोगी को दिन में दो बार इसी प्रकार योगिनी की धुलाई तथा सफाई करनी चाहिए।

एक बार ठीक होने के पश्चात ये रोग दुबारा नहीं हो इसके लिए नीचे लिखे बातों का ध्यान रखना चाहिए :

1. रोगी को अपने अर्धवस्त्र अलग से धोने चाहिए।
2. मूत्र करने से पहले तथा बाद में मुखालय को पानी से साफ करना चाहिए।
3. सम्भोग करने के पश्चात 10 मिलिट्र उपरंत योगिनी को पानी से साफ कर लेनी चाहिए।

**नोट :** अच्छे परिणाम के लिए रोगी को इलाज के दौरान एक कटोरी वही अथवा एक गिलास साफ का लेवन रोजाना जरूर करना चाहिए।

**असह्यक निर्देश :** यदि किसी रोगी को अम्ल की शिकवात हो और वो वही अथवा साफ नहीं ले सके तो आगे लिखी टेबलेट लेवे। Tablet Sporlac 2 रोजाना दिन में तीन बार।

जो रोगी इस दवा का लेवन पानी के साथ फाक कर नहीं ले सकती वो रोगी इस दवा को पानी में घोल्कर या मधु के साथ पेस्ट बनकर भी ले सकती है।

हाल के सर्वेक्षण से पता चलता है कि भारत वर्ष में ये बीमारी 97 प्रतिशत महिलाओं को है। जिन महिलाओं को ये बीमारी लम्बे समय से है उन्हें रोजाना दो बार योगिनी को साफ तथा धुलाई जरूर करनी चाहिए।

**निरोध :** कुछ महिलाएँ जो बच्चा भिरने के लिए कोई गोली लेती हैं ऐसी महिलाओं को ये बीमारी कभी ठीक नहीं होती है।

दूसरा हमने अपने अनुसंधान में पाया कि 10 वर्षों तक ल्यूकोरिया से ग्रस्त रहने के बाद रोगी को सखियाँ या मठिय हो सकता है।

**पदार्थ :** हरी पत्तीदार सब्जियाँ, दूध, दही, फल इत्यादि।

**उपपदार्थ :** ज्यादा तल हुआ खाना, गुड़, आचार, दिमनी टैबल आदि।

## DR. THANKI'S LEUCORIA CARE POWDER

(Useful in Leucoria)

**Ingredients :** Harad, Baheda, Awala, Saunth, Black Piper, ChotiPiple, Chitrak mul, Chavya, Wayvidang, Sendha Salt, Black Salt, Bach Mitha, Hauber, Kuth Mitha, Karchur, Devdaru, Small Cardamom, Vidhara, Alwa, Naag Kesar.

In this modern age women of almost all countries are suffering from leucoria, a chronic disease due to which they are looking weak and unhealthy.

The leucoria causes constipation in ladies. Our Ayurvedic medicines remove it in the first 4-5 days of the treatment.

Secondly, leucoria causes bad and foul smell from vagina. In medical science doctors are giving some vagina tablets and the application is very tough. Our Ayurvedic medicine works as highly antibiotic and the same medicine is applied for vagina wash.

In this product we have taken cardamom as one of the ingredients, not for the flavor or taste but to function as a medicine. Other ingredients included are rock salt and black salt which also function as medicines.

Normally, it has been observed that leucorian lady either did not conceive, or if conceived, did not have sex without precaution, but the lady who did not conceive is considered as suffering from infertility. The salts contain Calcium which gets deposited on vagina through salination process, and calcium has got capability to attract spermatozoa and thus the lady may conceive.

The Leucoria is a sickness of females due to white discharge. The main indications of Leucoria are getting pain due to white discharge and blood discharge, also burning sensation in hands and legs, heaviness in uterus, and pain in abdomen and stomach during menstruation. When the white discharge stops for sometime temporarily, ladies think that the Leucoria has been cured. But the Leucoria does not get cured without proper treatment. It may create other diseases in future like Arthritis, Gout, painful joints etc. For such diseases there are long and costly treatments. In eastern countries the woman who is suffering from Leucoria removes her uterus and understands that the Leucoria is cured and now she is safe. But the results are adverse. These operated women are getting

diseases like Arthritis, Gout and Joint pains.

**Doses:** Ordinary patient can take 1 teaspoonful daily morning & evening with water, after lunch & dinner. If the disease is chronic then patient must take this medicine thrice a day.

**Additional :** Along with medicine the patient must clean the vagina properly, because the bacteria present on outside of vagina must get removed, otherwise this disease can appear again.

### Washing and Cleaning of Vagina:

1. Boil ½ teaspoonful of above medicine in 100ml of water, and after cooling, filter it. Fill it in a small syringe (used for sewing machine), keep it on the opening of vagina, spray, and wash it properly. If the disease is chronic, then apply twice in a day.

### Precautions for future :

1. Wash all underwear of lady patients separately.
2. Before and after urination, wash the urinary place properly with water.
3. After doing sexual intercourse, wash entire vagina properly after 10 minutes.

**Note :** During treatment with this medicine, the patient must take 1 glass of butter milk or one cup of curd, but if the patient has got acidity, then advised not to take it. Then take Tablet Sporlac DS 1 Tab. thrice a day.

The patients, who do not like to take this medicine in powder form with water, are advised to take it by mixing it in water or by making paste with honey. In this age this disease is found to be present in 97% of ladies in India.

**For the patient who is suffering from this disease for a long time should practice as follows :**

Washing & Cleaning of Vagina: (Twice a day) as guided above.

**Note :** In very rare case, if a lady has taken any drug for abortion, then Leucoria is not curable.

**Specially :** Our research shows that Arthritis or Gout could be developed, if Leucoria is more than 10 years old.

**Patient should take :** Green leafy vegetables, milk, curd, fruits, etc.

**Avoid :** oily and spicy food, pickles, gud (Sugar palm), tension etc.
