- Portable and modular design
- Single phase motor (on request)
- Less power requirement only 0.5 HP

TECHNICAL SPECIFICATION

CRATE DUMPER

It is a wooden or metallic chute on which the fruits have to be unloaded manually.

QUALITY SELECTION BELT

The fruits travel on this belt. Damaged or rotten fruits are sorted out manually during the travel time.
Length: 3000 mm

SIZE GRADER

The fruits from the quality selection belt enter into the rotating disc & get graded in 6 different sizes according to the diameter. The different sizes are collected on separate collection tables.
