

An ISO 9001 : 2008 Certified Company

::: TWO POST CAR LIFT :::  
:: Model :- TPL 400 ::

**:: TECHNICAL DETAILS ::**

Lifting capacity	4.0Ton
Max. lifting height	1800mm
Min. lifting height	120mm
Distance between column	2740mm
Lifting time	55s
Lowering time	40s
Oil pressure	21Mpa
Overall width	3120mm
Overall height	2822mm
Motor power	2.2kw
Motor voltage	415v, 3ph / 220v, 1ph
Weight	650kg

**An ISO 9001 : 2008 Certified Company**

**:: MAIN FEATURES ::**

1. By two cylinder, plate and wire rope chain balance system, lifting and lowering smooth.
2. Hydraulic power unit configuration throttling device, can always adjust the rate of decline. Manual mechanical lock release from two sides.
3. Equipped with 24V height limit switch.
4. Rubber pad with spiral adjust the height and in stages adjust the height.
5. Rubber pad door-opening protection.
6. Feet-protection safety guardrails.
7. It has passed 115% dynamic loading capacity and 150% static loading capacity testing.
