Restore your Spirit & Pride your Memory!**Caution Yourself First:**

In this age of Modern Technology, we are subjected to tremendous physical and mental stress, resulting in loss of Vitality, Stamina, Energy and Resistance power. This results in misbalancing psychosomatic equilibrium and homeostasis which causes uneasiness, restlessness, disturbance, tensions, heaviness and strains.

The Autonomous Nervous System (ANS) of our body generates a physiological response, which leads to:

1. Increased blood pressure, heartbeat, tension, sweating etc.
2. Indigestion, weakness of Immune system, Nervous system and Skin resistance.
3. Tightens muscles of various organs that come under the influence of stress.
4. Pupils are dilated and shaking of limbs as well as cracking of voice occurs.

These symptoms are restored by PSNS (Para Sympathetic Nervous System, the other component of ANS), which mainly concerns with internal relaxation and restoration of the body functions like tissue repair, nourishment and excretion.

What can it do to you

1. Digestive Disorders, Stomach Ulcers, Diarrhoea.
2. Back Pain, Headaches, Migraine.
3. High Blood Pressure.
4. Arthritis, Rheumatism, Spondylitis
5. Diabetes, Asthma.
6. Fits, Muscular tightness and various Mental Disorders.
7. Hemiplegia, Hemicrania and Dyslexia.
