

Sheet1

Model Number	Type	Item Name	Item Description
SK4		Air Damp Balance	
SK9	Chemistry		DNA Structure
SK 44	Physical Balances Weight Boxes		Fitted on heavy metal base with a rubber tube-one meter long closed at one end-fitted with hook and pointer
SK1	Physical Science	Periodicity of elements	Atomic Radii & Electronegativity
SK1	Chemistry		Shapes of Atomic Orbitals
SK1(a)		Electronic Top Pan Balance	Capacity-200gm/Resolution-0.05gm Capacity-200gm/Resolution-0.01gm Capacity-300gm/Resolution-0.01gm Capacity-2kg/Resolution-2gm Capacity-60gm/Resolution-0.005gm Capacity-30gm/Resolution-1mg
SK1(b)		Single Pan Analytical Balances	Direct reading projection scale for all fractional weights from 0.1 and external manipulation for all weights. Employs constant load principle, assuring constant sensitivity. (a) Sensitivity 0.1 mg. Capacity-200 gm.
SK10		Berenger Balance	Without weights capacity available in 2/5kg
SK10	Physical Science		Discharge Tube Experiment part I
SK10	Chemistry		Alpha Helical Structure of Polyptide
SK100	Glass Apparatus	Distillation Flask	
SK101	Glass Apparatus	Evaporating Dishes	
SK102	Glass Apparatus	Flask Conical	
SK103	Glass Apparatus	Flask-Flat Bottom	
SK104	Glass Apparatus	Flask-Round Bottom	
SK105	Glass Apparatus	Flask Filtering	
SK106	Glass Apparatus	Flask-Volumetric	
SK107	Glass Apparatus	Funnel	a) Soda Glass diameter available in 5/7.5/10cm b) Borosil capacity available in 5/7.5/10cm
SK108	Glass Apparatus	Funnel	
SK109	Glass Apparatus	Retort	a) Soda Glass available in 250/500ml b) Borosil Glass available in 250/500ml
SK11		Top Pan	
SK11	Physical Science		Discharge Tube Experiment part II
SK11	Chemistry		Tertiary & Quaternary Structure of Protein
SK110	Glass Apparatus	Glass Jar	Glass Jar available in 6"x2"/8"x2"
SK111	Glass Apparatus	Kipp's Apparatus	a) Soda Glass available in 250/500/1000ml b) BOROSIL available in 500/1000ml
SK112	Glass Apparatus	Kjeldhal Flask	BOROSIL available in 100/300/500ml

Sheet1

SK113	Glass Apparatus	Measuring Cylinder	a) Polythene capacity available in 10/25/50/100/250/500/1000ml b) Polythene Poly carbonete available in 10/25/50/100/250/500ml c) Soda Glass available in 10/25/50/100/250/500/1000ml d) BOROSIL available in 10/25/50/100/250/500/1000ml
SK114	Glass Apparatus	Pipette Volumetric	a) Neutral Glass available in 1/2/5/10/20/25ml b) Borosil Glass available in 1/2/5/10/20/25ml c) BOROSIL Original available in 1/2/5/10/20/25ml
SK115	Glass Apparatus	Pipette Graduated	a) Neutral Glass available in 1/2/5/10/20/25ml b) Borosil Glass available in 1/2/5/10/20/25ml c) BOROSIL Original available in 1/2/5/10/20/25ml
SK116	Glass Apparatus	Soxhlet Apparatus	Borosil- Complete with flask, condensor & extractor. Fitted with standard inter changeable joints. a) Flask Size available in 200/250/500ml b) Extractor Size available in 60/100/200ml
SK117	Glass Apparatus	Test Tube	Borosil stopperd with Ground Stopper available in 18x150 ml
SK118	Glass Apparatus	Thistle Funnel	a) All glass, Superior Quality b) Neutral glass, Extra Superior Quality c) Borosil Glass
SK119	Glass Apparatus	Trough	a) Glass available in 8"x4"/10"x4"/12"x5"
SK12		Weight box	Analytical 1mg- 100gm a) Good Quality b) Quality Marked Sealed c) Accuracy guaranted. Weights nickel plated d) Same as c) but weights Chrome plated Export Quality
SK12	Physical Science		Principle underlying Thomson`s experiment
SK12	Chemistry		Petroleum Fractions
SK120	Glass Apparatus	Winchester Bottle	Winchester Bottle available in 2/3/5/10litres
SK121	Glass Apparatus	Woulf Bottle	a) Polythene capacity available in 250/500ml b) Soda Glass available in 250/500ml
SK122	Glass Apparatus	Weighing Bottle	a) Neutral Glass b) Borosil Glass c) Borosil Original
SK123	Glass Apparatus	Watch Glass	a) Routine Quality available in 2"3"4" b) Superior Qaulity available in 2"3"4"
SK126	Additional Items	Hand Gloves	Hand Gloves having Acid and Alkali proof Quality

Sheet1

SK127	Additional Items	Vaccupet	Vaccupet available in Rubber bulb type Vaccupet available in Plastic knob type
SK127	Additional Items	Rubber Tubbing	a) 5-6 mm bore for burette & other purposes b) 8 mm bore c) Pressure tube for use of burners
SK128	Additional Items	Apron	Apron is plastic used to cover front body
SK129	Additional Items	Apron Coat	For use of students 7 teacher (Doctor`s type) a) Good Quality b) Superior Quality
SK13		Weights	a) Good Quality. Chemical, with rider b) Sup. Quality, Analytical with rider c) UTC make. Accuracy guaranteed. d) Moulded rectangular plastic case, separate compartments for fractions
SK13	Physical Science		Effects of Electric Current
SK13	Chemistry		Blast Furnance
SK130	Additional Items	Stop Watch	With start, stop and fly back action a) 1/5th Sec plastic body imported b) 1/5th Sec Meatl body imported d) Electronic Digital 1/100
SK130	Additional Items	Thermometers	Thermometers 110°Cx1/2°C , 110°Cx1/5°C 110°Cx1/10°C , 300°/360°C
SK131	Additional Items	Dropper	Glass with rubber teats. a) Small, Routine Quality b) Small, Superior Quality c) 5" Long d) Superior Quality with superior rubber teats. With ground bulb fit in reagent bottles of 60 to 125ml and to avoid fuming e) Big size 6" with large rubber teat
SK132	Additional Items	Copper/Zinc Plate	6"x2" With Terminal plate available in Thin /Thick, Superior
SK134	Additional Items	Connecting Wire	Connecting Wire available in D.C.C
SK135	Additional Items	Plug Key	Plug Key available in One way Superior ,Two way Superior
SK136	AAdditional Items	Voltmeter/Ammeter/ Galvanometer	Extra superior Quality with bakelite stand having locking type Socket terminals
SK137	Additional Items	Viscometer Ostwald	Viscometer Ostwald available in Borosil Glass
SK138	Additional Items	Stalagmometer	Stalagmometer available in Borosil Glass
SK139	Additional Items	Syringe	Syringe available in plastic 2ml with needle
SK14		Rider	Aluminium available in 5/10m
SK14	Physical Science		Periodic Table of the Elements
SK140	Additional Items	Muslin Cloth	
SK141	Additional Items	Calcium Chloride Tower:	Calcium Chloride Tower available in Borosil Glass
SK142	Additional Items	Haffman`s Voltmeter :	Haffman`s Voltmeter available in Borosil Glass

Sheet1

SK143	Additional Items	Fractionating Column:	Borosil Glass available in 4 Bulbs,6 Bulbs,8 Bulbs
SK144	Additional Items	Test Tube	Test tube available With a side U-tub (passing tube) Borosil Glass
SK145	Additional Items	Nickel Crucible	Nickel Crucible available in 15ml/25ml/50ml
SK146	Additional Items	Thermometer Tube	Thermometer Tube available With Cup
SK147	Additional Items	Water Tap	Swan Neck, Brass, Chrome Plated available in light weight/heavy weight
SK148	Additional Items	Gas Tap	Oxidised Heavy pattern, fitted with Leak proof stop cock available in Superior quality, Routine quality
SK15		Forceps	a) Steel N.P. Strong Sup. b) Extra Sup. Brass N.P.
SK15	Physical Science		The periodic Table with s.p.d & f blocks
SK15	Chemistry		Manufacture of Sulphuric Acid (Chamber Process)
SK16		Loose gram weights	Analytical Chrome plated weight available in 1/2/5/10/20/50/100gm
SK16	Physical Science		Extraction of Sodium
SK16	Physical Science		X-Rays
SK16	Chemistry		Extraction of Sodium
SK17		Weights to Berrenger Balance	Weights available in 50gm-1kg/50gm-2kg
SK17	Physical Science		Structure of ionic, compounds of type AX (ZnS, NaCl, Cs, Ci)
SK17	Chemistry		Fraction of Coal Tar
SK18	Chemical Apparatus	Test Tube Holder	Test Tube available in Chrome plated / Nickel Plated/ Iron/Brass
SK18	Physical Science		Sodium Chloride Crystal (Elements of symmetry in simple cube)
SK18	Chemistry		Determination of Molecular Weights Victor Mayer's Method
SK19	Chemical Apparatus	Crucible Tong	Superior Quality available in 6"/8" iron or 6"/8" stainless steel
SK19	Physical Science		Millikan's oil drop method (The change of an electron)
SK19	Chemistry		Manufacture of Sodium Hydroxide & Chlorine (Nelson's Cell)
SK2		Chainomatic Balance	
SK2	Physical Science	Periodicity of Elements:	Ionic Radii
SK2	Chemistry		Relative Energies of At. Orbitals
SK20	Chemical Apparatus	Pinch Clip	i) Wire Type : a) Routine Quality b) Superior Quality ii) Screw Type . Superior Quality G type
SK20	Physical Science		Electro Chemical Cells

Sheet1

SK20	Chemistry		Structure and Manufacture of Carbon allotropy (Coal, graphite & diamond)
SK21	Chemical Apparatus	Cork Borer Set	German pattern available in set of 3/6/12
SK21	Physical Science		Optical Activity
SK22	Chemical Apparatus	Cork Pressure	a) Wheel pattern, Superior b) Wheel pattern on wooden base.
SK22	Physical Science		Radio Activity- Alpha, Beta, Gamma Rays
SK22	Chemistry		Manufacture of Nitric Acid from Ammonia (Ostwald's process)
SK23	Chemical Apparatus	Blow Pipe	Bras NP
SK23	Physical Science		Structure of Atom
SK23	Chemistry		Manufacture of Sulphuric Acid Contact Process
SK24	Chemical Apparatus	Cork Rubber	Acid/Alkali Proof Soft a) For small test tube & woulf bottle b) For 250ml Soda Glass Flask c) For 250ml Borosil & 500 ml soda glass flask
SK24	Physical Science		Nuclear fission & fusion
SK24	Chemistry		Extraction of Sulphur: Sicilian & Frasch process
SK25	Chemical Apparatus	Charcoal blocks	
SK25	Chemistry		Manufacture of Aluminum by Electrolytic process: Bayers and Hoops process
SK26	Chemical Apparatus	Charcoal Borer	Superior with handle
SK26	Chemistry		Metallurgy of Copper
SK27	Chemical Apparatus	Clamps with Boss Head	a) Machine pressed, Black enameled, Routine Quality Patti type b) Moulded Oxidised superior Quality to hold burette & test tube c) Clamp jaw Type Brass oxidized medium. To hold condenser & flask and other general use. d) Clamp- three finger type. Brass Moulded Oxidised Medium size. To hold condenser & flask etc. e) Large, to hold condenser & flask etc. f) Extra large. Opening about 7.5cm
SK27	Chemistry		Manufacture of Sugar from sugarcane
SK28	Chemistry		Structure of Silicates
SK29	Chemical Apparatus	Iron Stand (Retort Stand)	
SK29	Chemistry		Principle of Molecular Orbitals(L.C.A.O)
SK3		Balance Cover	a) Good Quality b) Superior Quality- Thick Plastic
SK3	Physical Science	Periodicity of Elements:	First Ionization Energy
SK3	Chemistry		Shapes of Orbitals

Sheet1

SK30	Chemical Apparatus	Ring with Boss Head	Black painted available in different sizes 2"/2.5"/4"/5"/6"
SK30	Chemistry		Structural Isomerism
SK31	Chemical Apparatus	Tripod Stand	a) Triangular Top Black Painted with different heights 6"/7"/8" b) Die Casted Heavy Zinc Plated Rod with different heights 6"/7"/8"
SK31	Chemistry		Hybridisation
SK32	Chemical Apparatus	Wire Guage	with asbestos center 6"x6" a) With frame both side asbestos b) Without frame both side asbestos c) Without frame single side asbestos
SK32	Chemistry		Amino Acids: Structure & Classification
SK33	Chemical Apparatus	Bunsen Burner	a) Brass Pipe- Routine Quality b) Extra superior quality. Thick Brass pipe to work on Bunsen Gas/Petrol Gas c) Export quality on Heavy base with thick brass N.P. pipe d) Same as(a) fitted with stop-clock for closing the gas
SK33	Chemistry		Extraction of Iron & Steel
SK34	Chemical Apparatus	Merker Burner	To work on Bunsen gas flame
SK34	Chemistry		Extraction of Magnesium
SK34	Charts		Meter Bridges
SK35	Chemical Apparatus	Merker Burner	To work on Bunsen gas flame Spirit Lamp : capacity 4 a) Glass b) Aluminium. Die pressed, jointless c) Brass d) Stainless steel
SK35	Chemistry		Preparation of Fluorine
SK36	Chemical Apparatus	Deflegating Spoon	
SK36	Chemistry		Acid Bases
SK37	Chemical Apparatus		Sodium spoon with Nickel Plated
SK38	Chemical Apparatus	Triangular File	with wooden handle a) Routine Quality Re-conditioned b) Superior New 5 long c) J.K/ Riz make 5/6" Round File : with wooden handle 5/6"
SK38	Chemistry		Sulphur Dioxide Manufacture of Sodium Hydroxide
SK39	Chemical Apparatus	Test Tube Brush	Nylon a) Good Quality b) Superior quality Thick hair & thick wire c) With pig hair
SK39	Chemistry		(Solvay process) Distillation
SK4	Physical Science		a) Periodic classification of Elements long from (Size 125x200cm) without rollers b) Periodic classification of Elements long from (Size 125x200cm) with rollers

Sheet1

SK4	Chemistry		Formation of molecular Orbitals
SK40	Chemical Apparatus	Burrete Brush	Nylon a) Good Quality b) Superior quality Thick hair & thick wire c) With pig hair
SK40	Chemistry		Aldehydes & Ketones
SK41	Chemical Apparatus	Pipette Brush	Nylon Good Quality
SK41	Chemistry		Urea Cycles
SK42	Chemical Apparatus	Sand Bath	Dia 15 cm
SK42	Chemistry		Manufacture of Sodium Carbonate
SK43	Chemical Apparatus	Spatula	6 long i) S.Steel both side flat/one side spoon ii) Horn both side flat /One side spoon
SK43	Chemistry		Preparation of Hydrogen Chloride
SK44	Chemical Apparatus	Gas Jar Cover	a) Cut edged. Routine quality Dia 7.5 cm b) Superior . Ground Edged. c) Extra superior. Made of transparent unbreakable acrylic sheet
SK44	Chemistry		Bromine & Hydrogen Bromide
SK45	Chemical Apparatus	Label Book	Self Adhesive Lable Book of chemicals/Reagent with formula
SK45	Chemistry		Acetylene Refining of Petroleum
SK46	Chemical Apparatus	Platinum Wire	a) Good Quality. b) Superior. Made from imported platinum wire EKI make
SK46	Chemistry		Environmental Pollution
SK47	Chemical Apparatus	Filter Pump	a) Soda Glass b) Borosil Glass c) Metal N.P.
SK47	Chemistry		Manufacture of glass
SK48	Chemical Apparatus	Test Tube Stand	1) Wooden teak wood 2) Polythene
SK48	Chemistry		Manufacture of Nitrobenzene & Aniline
SK49	Chemical Apparatus	Burrete Stand	a) All metal Base 8x5 Hammertone finished Rod zinc rustless b) Fisher clamp with chrome plated c) Polythene- 22x15cm PVC heavy base & PVC fisher clamp
SK49	Chemistry		Manufacture of soap
SK5		Sartarious Type	
SK5	Chemistry		Formation of molecular Orbitals of Benzene
SK50	Chemical Apparatus	Pipette Stand	a) For 12 pipettes Horizontal b) Round for 28 pipettes heavy base very Sup. Quality
SK50	Chemistry		Fire Extinguisher

Sheet1

			The body is made of mild steel duly painted. The top cast iron heating plate is round having 20cm dia. With heating element of 1.5KW rating. Temperature is controlled by energy regulator.
SK51	Chemical Apparatus	Hot Plate	
SK51	Chemistry		Manufacture of Portland Cement
SK52	Chemical Apparatus	Water Bath	with concentric ring-made of copper with sizes of 4"/5"/6"/8"
SK52	Chemistry		Manufacture of Citric Acid
			Double Walled Rectangular Temperature is controlled by a hydraulic thermostat from 50C above
SK53	Chemical Apparatus	Water Bath Electrical	a) 300x250x100mm (6 holes of 75mmdia) b)425x325x100mm (12 holes of75mm dia)
SK53	Chemistry		Manufacture of DDT Manufacture
			With rack for test tube. Double walled, Inside made of S.Steel and outside mild steel sheet painted with attractive stove enamel. Temperature is controlled by Hydraulic thermostat from 5c above to 100c with a sensitivity of +- 0.5c. Bath consists of two pilot lamps. Control knob and ON/OFF switch. To work on 220/230 volts A.C. make
SK54	Chemical Apparatus	Water Bath Seriological Thermostatic Controlled	a) 300x250x175mm (For 2 Racks) b) 325x300x175mm (For 4 Racks)
SK54	Chemistry		Manufacture of Polyster
			Distillation Apparatus i) Borosil Glass. Complete with condensor, flask & receiving flask parts connected with rubber corks ii) Electrical, Automatic (For pyrogen free distilled water made of stainless steel to wrpk on 220/230 volts A.C.
SK55	Chemical Apparatus	Water Still	a) Capacity per hour 2 liter b) Capacity per hour 4 liter
SK55	Chemistry		Manufacture of Penicillin
SK56	Chemical Apparatus	Spare Elements	
SK56	Chemistry		
			For determination of single or mixed melting points up to 350C having low/high provision with energy regulator thermometer make
SK57	Chemical Apparatus	Melting point Apparatus	2100/-
SK57	Chemistry		P.V.C. washable

Sheet1

SK58	Chemical Apparatus	Centrifuge Machine	<p>i) Hand operated can be fitted on the table</p> <p>a) Two tubes Good Quality centrifuges tubes SODA Glass centrifuges tubes Rs.475/-</p> <p>b) Two tubes. Extra Superior . Heavy pattern Complete with Soda Glass centrifuges tubes Rs.595/-</p> <p>c) Four tubes : Good Quality complete with soda glass centrifuges tubes</p> <p>d) Four tubes : Extra Superior Heavy pattern. With Borosil Glass centrifuges tubes</p> <p>ii) Electrical Superior Quality : Fitted with speed regulator 4 tubes.</p> <p>iii) Extra Superior Quality with 6/8 Tubes with speed regulator Rs.5400/-</p>
SK58	Chemistry		<p>Multi coloured 75x100cm</p> <p>1. Periodic Table size 75x100cm</p> <p>2. Laboratory Safety size 75x100cm</p>
SK59	Chemical Apparatus	Oven Universal	
SK6		Medium Price Sartorius Type	Short beam Analytical Balance with vertical arresment.
SK6	Physical Science		Electro-Magnetic Radiation Spectra
SK6	Chemistry		Conformation of Ethane & Cyclohexane
SK60	Chemical Apparatus	Incubator Bacteriological	<p>Temperature Thrmoststically controlled by Hydraulic Thermostate 5C above ambient to 100C.</p> <p>Double walled door has double glass viewing, built in horizontal L-Shape thermometer with perforated adjustable trays. To work on 200/230 volts A.C</p> <p>Size(12"x12"x12") of Aluminium chamber(300x300x300mm) Rs.6800.00/-</p> <p>Size(12"x12"x12") of steel chamber(300x300x300mm) Rs7800.00/-</p> <p>Size(14"x14"x14") of steel chamber(350x350x350mm) Rs7800.00/-</p> <p>Size(14"x14"x14") of steel chamber(350x350x350mm) Rs.8800.00/-</p> <p>Size(14"x14"x14") of steel chamber(350x350x350mm) Rs.8800.00/-</p>
SK61	Chemical Apparatus	PH meter Digital	<p>Most useful for pH and redox potential measurement with slope correction facality supplied with combined pH electrode BNC connector with two plastic electrode stand and instruction manual to work on 220/230V A.C.</p>
SK62	Chemical Apparatus	Pen type pH meter digital (0-14pH)	Accuracy +/- 0.2 pH
SK63	Chemical Apparatus	Magnetic Stirrer :	<p>With hot plate & Stainless Steel top</p> <p>a) Capacity 1 liter</p> <p>b) Capacity 2 liter</p>

Sheet1

SK64	Chemical Apparatus	Silica Crucible	15ml Vitrosil Made in England a) without lid b) with lid
SK65	Filter Paper	Filter Paper Ream	500 sheets (Size 181/2"x22") kalpi No. 1
SK66	Filter Paper	Filter Paper Packet	Filter paper having 100 circles a) Superior No. 1 (Dia 11cm) in cardboard box b) (Dia 12.5cm) in card cardboard box c) (Dia 12.5cm) Export Quality Indica /IC d) Extra superior. As goods as Indica / IC
SK67	Filter Paper	Filter Paper	Sheets for Chromatography
SK68	Filter Paper	Chromatography Paper	
SK69	Porcelain Ware	China Dish	
SK7		Medium Price Sartarious Type	
SK7	Physical Science		Emission Spectra of Hydrogen Atom
SK7	Chemistry		Optical Isomerism & Geometrical Isomerism
SK70	Porcelain Ware	Crucibles	a) With lid Porcelain : Superior : Capacity 15ml Rs.24/- b) -do- Extra Superior: High Heating Resistance Power Rs.80/-
SK71	Porcelain Ware	Clay Pipe Triangles	
SK72	Porcelain Ware	Porcelain Tiles	Glazed Superior Size/4°x4° Size/6°x4°
SK73	Porcelain Ware	Beehive Sheive	Porcelain 3°
SK74	Porcelain Ware	Pestle and Mortar	
SK75	Porcelain Ware	Dessicter Plate	Spare Size/4°x4° Size/5°x4° Size/6°x4° Size/8°x4°
SK76	Porcelain Ware	Cavity Plate	Spotting Tiles. Required For titrations Analysis Spotting Tiles available in 6/12 Cavity
SK77	Porcelain Ware	Buckner Funnel	
SK78	Polyhtene Ware	Beaker	spout Capacity available in 50/100/250/500/1000/2000
SK8		Medium Price Sartarious Type	
SK8	Physical Science		Study of Thermionic and Photo Electric Emission
SK8	Chemistry		Fischer Projection Formulae of Various Aldoses from D-Glyceralhyde
SK80	Polyhtene Ware	Kipp's Apparatus	Polythene Fitted with stop cock a) Routine Quality capacity/100ml b) Superior Quality capacity/100ml
SK81	Polyhtene Ware	Washing Bottle	

Sheet1

SK82	Polyhtene Ware	Atomic Model Set	
SK83	Polyhtene Ware	Crystal Model	a) Sodium Chloride b) Graphite c) Diamond
SK84	Polyhtene Ware	Syphon	Automatic, Superior Quality
SK85	Test Tube,Glass Tubing and Roding	Test Tube	
SK86	Test Tube,Glass Tubing and Roding	Ignition Tube	Superior quality per gross
SK87	Test Tube,Glass Tubing and Roding	Glass Tubing & Roding	
SK88	Test Tube,Glass Tubing and Roding	Capillary Tube	a) Glass for melting point b) Superior Quality c) Rod Type
SK89	Glass Apparatus	Burrete	50x1/10ml with stop cock a) Neutral glass Routine Quality b) Neutral glass Superior with circular graduation c) Borosil glass d) BOROSIL Original with glass stop cock
SK9		Physical Balance	With divided door case and expended support. Sensitivity 0.5mg Capacity-200 gm
SK9	Physical Science		Atomic and ionic Radii of some elements
SK90	Glass Apparatus	Burette	50x1/10 ml with pich cock a) Neutral glass-Routine Quality b) Superior circulation graduation c) Borosil Glass
SK91	Glass Apparatus	Aspirator Bottle	Capacity available in 1/2/2.5/5 litre
SK92	Glass Apparatus	Reagent Bottle	
SK93	Glass Apparatus		Screen Printed/Sand blasted names of Acids (Conc, Dil) Silver Nitrate, Ammonia and other general reagents a)Narrow Mouth capacity 125/250ml b)Wide mouth capacity 125/250ml
SK94	Glass Apparatus		
SK95	Glass Apparatus	Beaker	
SK96	Glass Apparatus	Bell Jar	
SK97	Glass Apparatus	Condenser Reflex	Coil type Borosil
SK98	Glass Apparatus	Condenser Leibig	condensor available Sizes 20/25/30/40 cm
SK99	Glass Apparatus	Dropping Bottle	
SL37	Chemistry		Preparation of hydrogen & Oxygen
